

# Digital Evidence Forensic Report

---

Generated at: 07/07/2026 13:52:16

Report prepared by: Digital Evidence Management System

## 1. AI Analysis Summary

Result: Authentic

Confidence: 51.21%

Authenticity score: 51.21%

Deepfake detected: No

## 2. Metadata

camera: Unknown

software: Unknown

datetime: Unknown

width: 800

height: 600

format: PNG

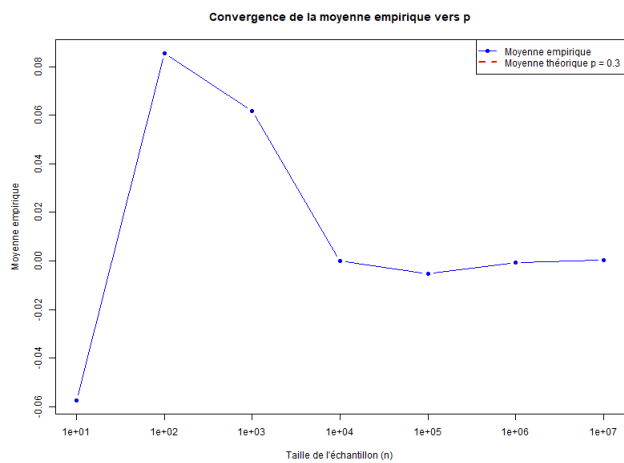

## 3. Image Analysis Details

sharpness: 5424.5132125

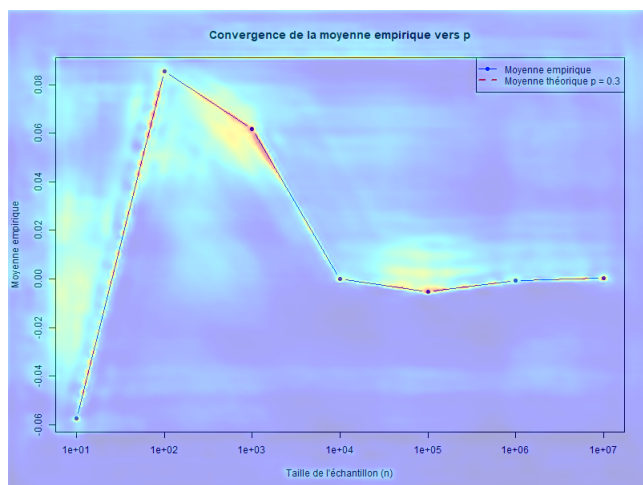

noise: 29.442772878557044

entropy: 0.2383848875761032

## 4. Visual Evidence

## Heatmap

## 5. Notes

This report includes the image forensic analysis performed by the system. The results are based on the AI model and file integrity checks.

Recommendations:

- Keep the original evidence file in a secure repository.
- Store the report and associated metadata together.
- Re-run integrity checks if the evidence is transferred.
